

eMTB Adventure: Bangtail Divide

Bozeman, Montana

PLEASE FOLLOW THESE GENERAL GUIDELINES FOR RESPONSIBLE EMTB RIDING:

On federal, state, county and local trails, eMTB access varies significantly.

Generally speaking, any natural surface trail designated for both motorized and non-motorized use is open to eMTBs.

eMTBs may not be allowed on trails managed for non-motorized activities. Do not ride your eMTB in areas where the local rules are unclear. When in doubt, ask your local land manager about access, since local land rules change frequently.

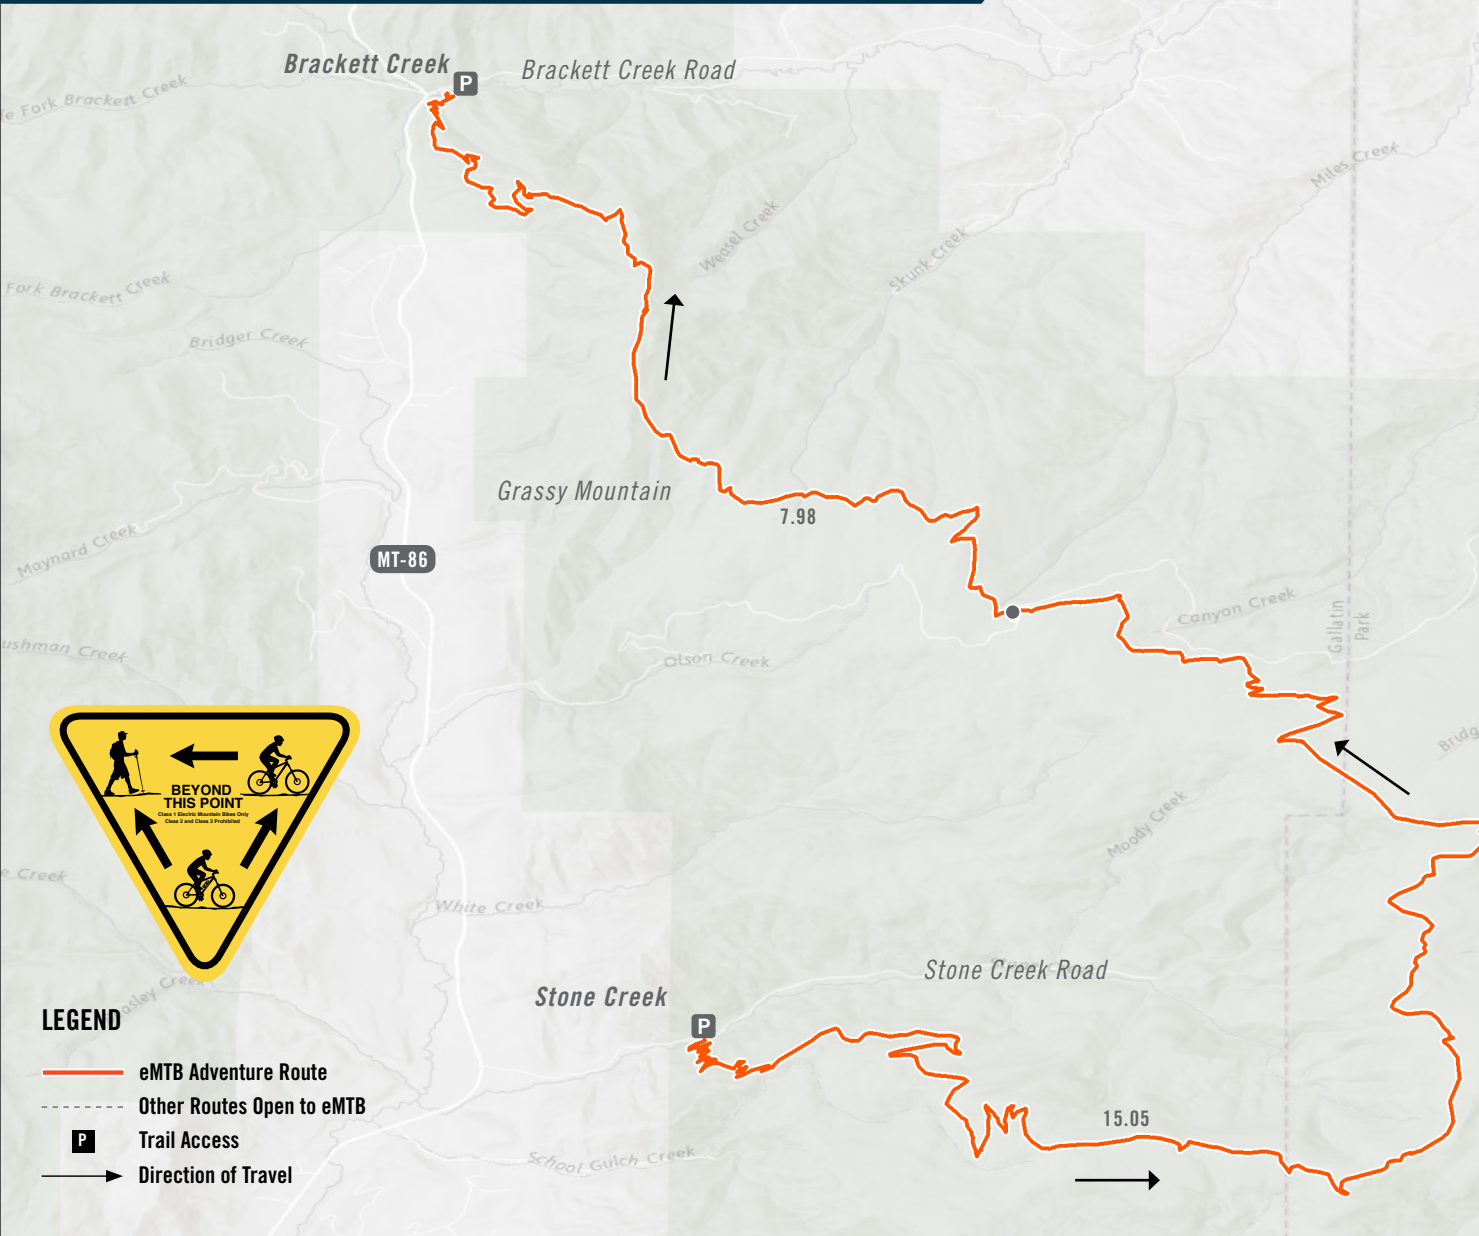

PeopleForBikes and the Bicycle Product Suppliers Association are working to promote better access to eMTBs. It is critical that eMTB riders ride legally and only on authorized trails to show that mountain bikers are responsible users.

OVERVIEW:

Amongst the rugged peaks of the Bridger mountains, lies Bangtail Divide, a ridgeline traverse with stunning views of surrounding mountain ranges, fields of wildflowers and classic alpine singletrack. It's best to set up a shuttle for this route to maximize your time enjoying the route. Be patient with initial climb. It's long and grinding and takes you to amazing views of the Crazy, Gallatin and Tobacco Root Mountains. From there, you'll roll across the divide through open meadows to the finale, a fun and sweeping downhill on Grassy Mountain.

DIRECTIONS TO TRAILHEAD:

From downtown Bozeman, drive north on MT 86/Bridger Canyon Road for 11.7 miles. Turn right on Stone Creek Road and drive 1.2 miles to the start of the Bangtail Divide Trail.
