

eMTB Adventure: Boundary Trail

Mount Saint Helens, Washington

OVERVIEW:

The Boundary Trail is a flashback in time to an area that was sculpted by the Ice Age. This very challenging, long-distance trail travels along knife-edge ridges with stunning views of the Cascade Mountain's volcanic peaks and rugged cirque basins. The route is open to eMTBs from Bear Meadows east to Council Lake. Due to its length, climbing/descending and technical challenge, a ride on the Boundary trail is often done as an out-and-back or by shuttle.

DIRECTIONS TO TRAILHEAD:

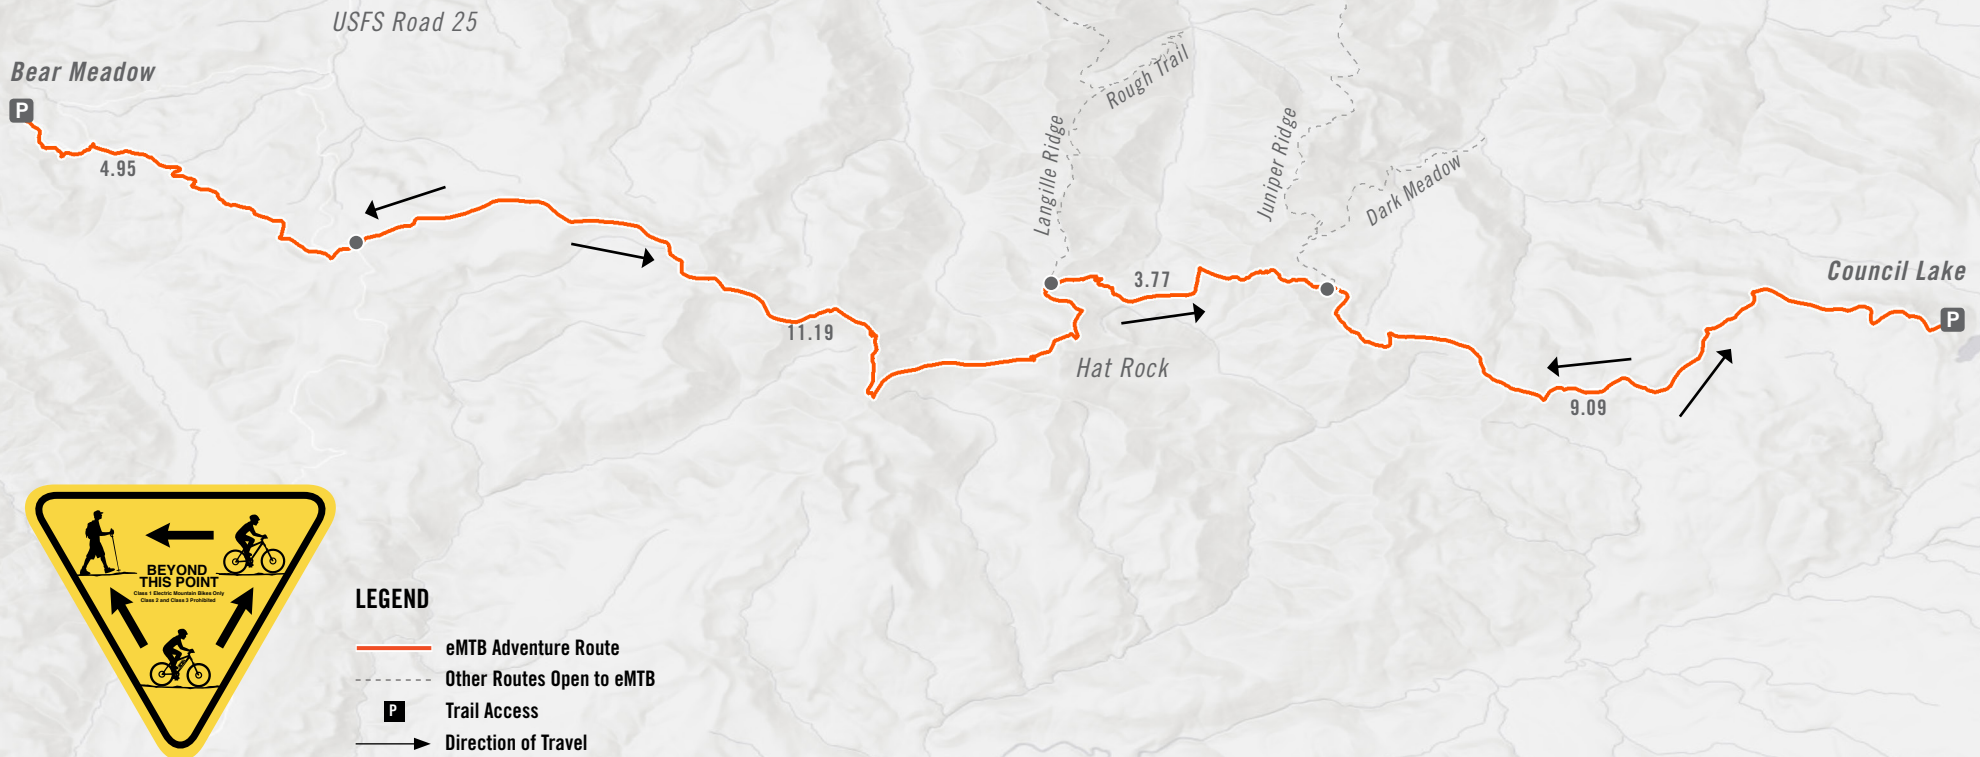

From WA State Highway 12 in Randle, take WA-131S south for 2.8 miles to Forest Road 25. Drive 24.3 miles to a junction with Forest Road 99. Turn right towards Windy Ridge and drive 2.2 miles to the Bear Meadows Interpretive Site.

PLEASE FOLLOW THESE GENERAL GUIDELINES FOR RESPONSIBLE EMTB RIDING:

On federal, state, county and local trails, eMTB access varies significantly. Generally speaking, any natural surface trail designated for both motorized and non-motorized use is open to eMTBs.

eMTBs may not be allowed on trails managed for non-motorized activities. Do not ride your eMTB in areas where the local rules are unclear. When in doubt, ask your local land manager about access, since local land rules change frequently.

PeopleForBikes and the Bicycle Product Suppliers Association are working to promote better access to eMTBs. It is critical that eMTB riders ride legally and only on authorized trails to show that mountain bikers are responsible users.

THE BASICS

START: Bear Meadow
END: Council Lake
MILEAGE: 30.5
ELEV GAIN/LOSS: +6,500
RIDE TIME: 3-8 hours
