

eMTB Adventure: Coopers Gap

State College, Pennsylvania

PLEASE FOLLOW THESE GENERAL GUIDELINES FOR RESPONSIBLE EMTB RIDING:

On federal, state, county and local trails, eMTB access varies significantly. Generally speaking, any natural surface trail designated for both motorized and non-motorized use is open to eMTBs.

eMTBs may not be allowed on trails managed for non-motorized activities. Do not ride your eMTB in areas where the local rules are unclear. When in doubt, ask your local land manager about access, since local land rules change frequently.

PeopleForBikes and the Bicycle Product Suppliers Association are working to promote better access to eMTBs. It is critical that eMTB riders ride legally and only on authorized trails to show that mountain bikers are responsible users.
